WELCOME

Dear Industry Representatives,

We are pleased to invite you to the *4th ESF Conference on Functional Genomics and Disease*

April 14-17, 2010, Dresden, Germany.

Developments in functional genomics technologies together with the expanding concept of systems biology have led to exciting possibilities for the understanding of disease mechanisms. Following three highly successful conferences in Prague, Oslo and Innsbruck this conference will bring together world leaders in the field to discuss the challenges ahead and the technologies that will lead to novel solutions. Join us and colleagues from all over the world in the city of Dresden situated in a beautiful valley on the River Elbe.

The programme of more than 48 speakers will include plenary and symposia on the following areas:

- Whole genome associations
- Comparative genomics
- RNomics & miRNA
- Proteomics
- Epigenetics
- Regulatory networks
- Systems biology
- Personalised medicine
- Oncogenomics
- Neurogenomics
- Ageing
- Lipidomics
- Bioinformatics
- High throughput technologies
- Affinity proteomics
- Biobanking

I am looking forward to welcoming you to Dresden.

Mike Taussig, ESF Frontiers of Functional Genomics Programme Chair, UK
